

# Project agreement

This agreement is to be completed as a part of the application process for the following courses:

- *Experimental immunology, genetics and pathology (7.5/15 credits)*
- *Advanced course in immunology, genetics and pathology (15/30 credits)*

Please apply for the course at [antagning.se](http://antagning.se) and attach this project agreement.

When the student starts the project, please send an email to [studierektorGU@igp.uu.se](mailto:studierektorGU@igp.uu.se) to confirm that the student has in fact started the project and should be registered on the course.
